Eligibility

- High school graduates of schools within Northern B.C. (see website for details, unbc.ca/nmpt).
- Students with demonstrated financial need and strong academic ability.
- Must be accepted into a UNBC undergraduate degree program.
- Individuals must intend to apply to health profession programs in Northern B.C.

Application process

Students must apply on-line for the Northern Pathways to Health Care Bursary, and complete the declaration of income form sent to you by the awards office (to show financial need above maximum student loan allocation). A personal interview will complete the process.

Bursary program supports

In addition to financial support, recipients will join the Northern Pathways to Health Care Program, which includes enrichment, mentors and academic support throughout their undergraduate degree.

** The Northern Pathways to Health Care Bursary was established through support from the Northern Medical Programs Trust, which is a partnership between UNBC and more than 30 northern local governments.*
